### 2006 International Coastal Cleanup – Caribbean Results:

Date(s) of Event: 23<sup>rd</sup> September to October 22<sup>nd</sup> 2006

ICC Stats	Land	Underwater	TOTALS
Number of cleanup sites	4		4
Number of people	450		450
Weight of debris (kg or lbs)	12500 lbs		12500
Distance cleaned (km or mi)	8 miles		8 miles
Number of trash bags	500		500

a. Describe your cleanup activities – interesting/odd/funny debris items collected; and highlight any special efforts or activities taking place at your cleanup sites.

There was nothing special about the cleanup it was the usual

b. Describe media events related to your cleanup activities. Please submit electronic copies of articles from newspapers and web postings of your activities, a listing of any radio & TV coverage, and digital photos of your primary cleanup activities.

We only had radio announcement for the Cleanup a press release was sent and a news clipping on air was done

**c. Please provide UNEP-CAR/RCU a listing of your partners for the ICC in your country – include a separate attachment if partner listing is long** *(include sponsors, private sector groups, other NGOs, schools, government agencies, etc.)*

1. St. Lucia National Gloves
2. Ramco Plastics
3. Caribbean Environmental Health Institute

**d. Please provide UNEP-CAR/RCU any suggestions for improving ICC-related activities in the Caribbean Region.**
